The Honorable Rose Mofford
Governor
Arizona State Capitol
1700 West Washington
Phoenix, Arizona 85007

Dear Governor Mofford:

I am pleased to submit to you the Seventy-Seventh Annual Report of the Arizona Department of Insurance for the calendar year January 1, 1989 through December 31, 1989 as provided in A.R.S. §20-154.

The purpose of this Report is to provide you with a summary of the Department's major activities and accomplishments during 1989, as well as a summary of the insurance-related legislation passed during the recent legislative session. This Report also includes a summary of the financial data of the insurance companies licensed to transact business in the State of Arizona during 1989.

Respectfully submitted,

Susan Gallinger
Director of Insurance

REPORT OF THE DIRECTOR

The Department of Insurance ("the Department") is organized into six separate divisions: the Information Systems Division, the Corporate and Financial Affairs Division, the Consumer Affairs and Investigations Division, the Rates and Regulations Division, the Hearing Division, and the Receivership Division. The Information Systems Division is headed by a Project Manager and is responsible for the computer operations of the Department. The Hearing Division is headed by the Chief Hearing Officer and is responsible for conducting all administrative hearings held by the Department. The Receivership Division, is headed by the Deputy Receiver and is responsible for coordinating and tracking all receiverships, conservatorships and supervisions commenced by the Department. The remaining three divisions are supervised by Assistant Directors, each of whom is charged with overseeing his or her specific responsibilites as prescribed by the Arizona Insurance Code and as assigned by the Director of Insurance.

The Director is assisted by the Executive Staff which includes the Deputy Director, Chief Actuary, Business Manager, Executive Assistant and Administrative Assistant. A brief overview of the operations and activities of the Insurance Department during 1989 follows.

Executive Staff

The Deputy Director, Joseph M. Hennelly, Jr., is responsible for the administrative functions of the Department. Additionally, the Deputy Director works with the Deputy Receiver to monitor the delinquency proceedings filed by the Department and serves as a liaison between the Department and the Attorney General's Office on administrative and judicial proceedings filed by the Attorney General on behalf of the Department.

David M. Hurlbut, FSA, MAAA, is the Department's Chief Actuary. The Chief Actuary serves as the actuarial consultant to the Department and is responsible for reviewing and analyzing insurance rates, rating procedures, rating plans and all phases of insurance operations.

The Director was assisted by Dale Hazlett as Task Force Consultant and Special Assistant. During 1989, the Governor's AIDS Task Force, Head Injury Task Force, Serious Mental Illness Task Force and Joint Legislative Health Task Force were formed and/or enacted. The Director serves on all of the aforementioned Task Forces and provides insurance-related information and analysis to the members. The Task Force Consultant assists the Director by providing research, analysis and recommendations for legislative and regulatory proposals in these areas.

Scott Greenberg is the Department's Business Manager. The Business Manager's responsibilities include assisting in the preparation of the Department's budget, coordinating all personnel matters and ensuring that all the Department's printing and supply needs are met.

The Director was also assisted in legislative activities and policy issues by the Public Information Co-ordinator, Gay Ann Williams.

Information Systems Division

The Information Systems Division consisting of a Project Manager, three Programmer/Analysts, Project Leader (position vacant at this time) and Computer Operator (position vacant at this time) is headed by Michael Nikirk, Project Manager. This Division is responsible for the automation of the Department which is specially funded through the Computer Automation Fund established under A.R.S. § 20-167.01.

The Department obtained an IBM AS/400 computer system through a Request For Proposals in December 1988 with subsequent installation in January 1989. All personnel were trained in the use of the computer and automation of the Department began. During the course of the year the Division successfully implemented communications with the National Association of Insurance Commissioners in Kansas City, remote communications for the Department's Tucson office and programming to support Corporate and Financial Affairs regulatory duties to develop the data required for the Director's Annual Report to the Governor.

Information Systems is also responsible for the daily computer operations and on-going applications development.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director and Chief Examiner Gary Torticill, CFE. The Division is responsible for monitoring the solvency of 908 domestic and 1,630 foreign insurers and also reviews and evaluates the National Association of Insurance Commissioners Insurance Regulatory Information System (IRIS) on domestic and foreign insurers.

In 1989 the Division conducted 340 financial examinations of domestic and foreign insurers. These on site examinations were conducted by independent contract field examiners. The Division also reviews all foreign reports of examination conducted by other states.

The Division processed and admitted 69 foreign insurers and 82 new domestic insurers and reinsurers during 1989. It represented the Department at 92 acquisition, merger and withdrawal hearings. The Division also collected $96,618,730 in premium taxes and other related fees and an additional $216,000 in penalties and interest during 1989. The Division is responsible for controlling and maintaining $219,881,528 in statutory deposits.

The Division also provides support and technical assistance to other divisions within the Insurance Department and to the Life and

Disability and Property and Casualty Insurance Guaranty Funds. The accounting and clerical staffs responsible for maintaining the Examiners' Revolving Fund are supervised by the Division. The Division also maintains and updates insurer records and serves as the Department's official Custodian of Records.

The Corporate and Financial Affairs Division currently has thirteen, full time employees along with twenty-seven field examiners and four examination coordinators.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Jay Rubin. The Division is responsible for implementing the Department's consumer assistance programs and conducting investigations for administrative hearings and/or litigation regarding violations of Arizona insurance laws. The Division maintains offices in Phoenix and Tucson to provide easier access for Arizona consumers to the Department's services.

During 1989 the Consumer Affairs Division continued to assist Arizona Senior Citizens with a statewide toll-free telephone line used to answer questions and/or concerns regarding insurance matters. The Division also continued its ongoing Public Information Speakers Bureau.

During the past year the Division handled nearly 8,675 written complaints and responded to over 95,000 telephone inquiries. The Division staff was successful in assisting Arizona consumers in obtaining settlements from insurers totalling over $9,544,245 in 1989. The Division oversees the administration and enforcement of the Unfair Claims Settlement Practices Act and the Department's regulations adopted pursuant to that law. The Division issued 409 citations for unfair claims practices against insurers during 1989. Division employees conducted 188 investigations of agents, brokers, adjusters and bail bondsmen resulting in 42 cases being referred to the Attorney General's Office for administrative and/or judicial proceedings.

Rates and Regulations Division

Deloris E. Williamson, CPCU, CIE is the Assistant Director of the Rates and Regulations Division which is comprised of three sections: Licensing, Life and Disability and Property and Casualty.

The Division is also responsible for market conduct and rate examinations. A market conduct examination involves an on-site review of insurance company rating, underwriting, claims and marketing practices. A major purpose of this type of examination is to identify any unfair trade or settlement practices in which the insurer may engage. Rate examinations focus on the insurer's actual application of the rates and rating rules used to develop policyholder premiums.

In 1989, 62 market conduct examinations and 14 rate examinations were conducted. These examinations resulted in $468,420 being returned to Arizona policyholders and $346,100 in civil penalties being levied against insurers.

Also as a result of this Division's activities, the Department imposed against various licensees $46,138 in civil penalties for violations of the insurance code.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This Section is responsible for issuing insurance licenses to agents, brokers, adjusters, solicitors, service representatives and risk management consultants who qualify pursuant to Arizona insurance law. Additionally it administers adjuster examinations.

During 1989 the Licensing Section issued 5,911 new life-type licenses, 2,513 new property and casualty-type licenses, and 20,067 renewal licenses. As of December 31, 1989 there were 38,023 resident and nonresident licensees who in turn held a total of 51,988 licenses.

Life and Disability Section. Mary Butterfield, AIE is responsible for this Section. This Section reviews advertising, policy forms, contracts and individual health insurance rates prior to their use by life and disability insurers, health care service organizations ("HCSOs"), hospital, medical, dental and optometric service corporations and prepaid dental plan organizations.

The Section also ensures that insurers selling Medicare supplement insurance in Arizona make revisions to their policies and premium rates in compliance with changes in State and Federal laws. Especially significant was compliance review of the major changes effective January, 1990 as a result of Congress' repeal of the Medicare Catastrophic Coverage Act of 1988 in November, 1989. The Section also prepared, published and distributed lists of insurance companies offering Medicare supplement and Long Term Care insurance in Arizona to assist senior citizens in purchasing these products.

During 1989 the Section conducted a survey of all life and disability insurers, health care services organizations, hospital, medical, dental and optometric service corporations and prepaid dental plans. Results were utilized to prepare a complaint ratio to target insurers for market conduct examinations.

The Section assisted three task forces and/or committees by:

Serving as an information source to and staffing the Governor's Task Force on AIDS charged with assessing Arizona's response to the HIV epidemic and determining ways in which the State should be responding.

Served on the S.O.B.R.A. Coalition. S.O.B.R.A. is a program which allows qualified pregnant women access to health care through their pregnancy and postpartum period. Infants and children are also covered with some age restrictions.

Serving as a member of The Health Care Group of Arizona Advisory Committee - a program of Arizona Health Care Cost Containment System (AHCCCS) to provide health care to small companies with 25 or fewer employees.

Property and Casualty ("P&C") Section. In March, 1989 Ken Wixon, CPCU became the Supervisor of the Section which is primarily responsible for administering Arizona's insurance laws applicable to P&C rates and forms. Additionally the Section's responsibilities include regulating service companies, adding unauthorized insurers to the surplus lines list, licensing rating organizations, reviewing workers' compensation securities, assisting in P&C market conduct and rate examinations and monitoring the marketplace by conducting premium comparisons and availability studies.

During 1989 the Section prepared four major publications for the benefit of Arizona insurance consumers. The purpose of all was to assist the public in the purchase of insurance coverage and the selection of an insurance company.

The Automobile Premium Comparison compared six month premium quotations for 57 insurers writing over 88% of the private passenger automobile insurance in Arizona. For the same hypothetical Phoenix or Tucson risk, premiums ranged from a low of $344.11 to a high of $1,360 in Phoenix and a low of $283.26 to a high of $682.00 in Tucson. The comparison demonstrated that it is in the best interest of consumers to thoroughly investigate the marketplace in order to obtain the best coverage for their premium dollar. Consumers were cautioned that although price is always a consideration in the purchase of insurance, a consumer should also consider the company's service to its policyholders, its overall reputation, and the type of insurance contract and coverage available.

The Homeowners' Premium Comparison compared the premiums of 61 companies writing over 95% of all homeowners' insurance written in Arizona. Six-month premiums were quoted for Phoenix, Glendale, Mesa, Flagstaff, and Tucson. Premiums in Phoenix ranged from $234 to $490 for the hypothetical risk. Again, the survey clearly exhibited the advantages of comparison shopping.

The Mobile Homeowners' Premium Comparison compared the premiums of 22 companies writing approximately 90% of all the mobile homeowners' insurance written in Arizona. Twelve-month premiums ranged from $130 to $431 for the hypothetical risk in Mesa. Tucson and Yuma territories were also quoted.

The Personal Lines Complaint Ratio brought to public attention insurers about which the Department had received numerous complaints in 1989. This publication assists the Department in assessing individual performance during the year, identifying problems requiring prompt regulatory action, and deterring "would be" offenders. The Complaint Ratio also permits the Department to most effectively utilize its human resources by targeting insurers to be considered candidates for market conduct examinations.

Hearing Division

The Hearing Division issued a total of 570 notices of hearing, procedural orders and final orders in 1989. Civil penalties of approximately $177,000 were imposed and $397,000 in restitution to victims was awarded, in addition to the penalties and restitution ordered as a result of market conduct or rate examinations. The Division also continued to provide legal assistance to the other divisions of the Department of Insurance and assisted in drafting insurance-related legislation and regulations.

During 1989 twenty-five agents had their licenses either revoked or suspended. The Hearing Division issued two orders granting applicants' insurance licenses and affirmed the Department's denial of licenses in six cases.

The Division approved the acquisition of 19 domestic insurers, approved the merger of 14 domestic insurers and authorized the withdrawal of 67 domestic insurers from the business of insurance. In addition, during 1989 the Division issued 86 orders suspending or revoking insurers' certificates of authority, principally for deficiencies in assets.

Receivership Division

The Receivership division consisting of a Deputy Receiver, an assistant Deputy Receiver (position vacant at this time) and a secretary is headed by Deanna Delmar, Deputy Receiver. The Division is specially funded through a receivership liquidation fund established pursuant to A.R.S. § 20-648 from the estates of insolvent insurers.

The Division is responsible for coordinating and tracking all receiverships and conservatorships conducted by the Department. The Division also acts as liaison to the two Arizona Guaranty Funds. As of December 31, 1989 the Department was monitoring 14 domestic insurers, one unauthorized domestic insurer in receivership and five foreign insurers in ancillary receivership. Four domestic receiverships and one ancillary receivership were instituted in 1989.

Assistant Attorneys General

The Assistant Attorneys General of the Financial Fraud Division assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpreting the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent the Property and Casualty Fund and Life and Disability Guaranty Fund. Additional services include defending suits against the Insurance Department, representing the Department in appeals from the Director's administrative orders and instituting actions on behalf of the Director to enforce the provisions of the Insurance Code. The Assistant Attorneys General are also actively involved in the rehabilitation and liquidation of insolvent insurers and seek court appointment of receivers and ancillary receivers when necessary.

Other functions performed by the Attorney General's Office include drafting and reviewing notices of hearing, contracts and other legal documents for the Insurance Department, responding to correspondence from insurers and other state insurance departments, providing legal advice to the Department on various legal problems, and reviewing all rules proposed by the Insurance Department to ensure compliance with the Arizona Administrative Procedures Act.

SUSAN GALLINGER
Director of Insurance

CIRCULAR LETTER NO. 89-1

TO: ALL INSURANCE TRADE ASSOCIATIONS, INSURANCE MEDIA PUBLICATIONS AND INTERESTED PERSONS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: July 17, 1989

RE: 1989 ARIZONA INSURANCE LEGISLATION

The 1989 Arizona Thirty-Ninth Legislature, First Regular Session has recently concluded. Insurance-related legislation which was considered by the legislature ranged from bills to provide increased consumer protection and benefits for persons who purchase long term care insurance policies to those designed to strengthen the automobile insurance laws and provide rate relief for Arizona automobile insurance policyholders.

In accordance with the Department's practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent here is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered to be a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted):

S.B. 1003 - LONG TERM CARE INSURANCE

This bill was proposed by the Department of Insurance to increase consumer protection for those Arizona residents who purchase long term care insurance coverage. We believe the provisions of this bill, including the elimination of prior hospitalization and benefits based on receipt of higher levels of care, are necessary to protect consumers from purchasing policies which will rarely, if ever, provide the benefits consumers believe they are purchasing. The United Seniors Health Cooperative, a non-profit consumer advocacy group, recently found that because of restrictive policy provisions, the average probability of a policyholder not collecting any benefits under his or her long term care policy is over sixty percent, if he or she is admitted to a nursing home. Senate Bill 1003 provides future policyholders with protection from this type of abuse. In addition, the bill increases the minimum amount of coverage in a long term care policy from twelve to twenty-four months, and requires the Department of Insurance to adopt rules relating to standards for disclosure of policy provisions, conditions, and limitations. (Chapter 68)

S.B. 1042 - MEDICARE SUPPLEMENT INSURANCE

This bill was requested by the Department of Insurance in response to the passage of the federal Medicare Catastrophic Coverage Act of 1988. Beginning January, 1989, the Medicare system was revised to provide recipients with better major medical or "catastrophic" hospital, physician and prescription drug coverage. This federal legislation also required all states to adopt newly-established federal minimum standards for Medicare supplement insurance, or risk losing authority to regulate this type of insurance. Senate Bill 1042 revises existing law to allow the Department to adopt rules necessary to maintain compliance with the federal law. The bill also provides the Department with authority to regulate Medicare supplement policies which are issued in other states and sold to Arizona residents, and exempts Medicare supplement policies from complying with mandated benefits laws or regulations unless the Legislature or the Department specifically applies such laws or regulations to these policies. (Chapter 69)

H.B. 2060 - INSURANCE; CRIMINAL HISTORY; DISQUALIFICATION

This bill was requested by the Department of Insurance to address two unrelated areas of concern. The first provisions contained in the bill permit the Department of Insurance to use the criminal identification sections of the Department of Public Safety to obtain information regarding the criminal history of persons who are applying for licenses granted by the Department of Insurance. Under current law the Department is not authorized to receive information regarding the criminal backgrounds of persons who are applying for certificates of authority to own or operate insurance companies in Arizona. This bill was designed to allow the Department to obtain this type of information and to use the information in deciding whether to grant the certificate or other type of license for which the applicant is applying.

House Bill 2060 also establishes procedures regarding situations involving Department employees who have relatives who own, are employed by, or have financial interests in an insurance company, agency, or other entity regulated by the Department. As the bill was passed by the Legislature it clarifies that these employees must disclose such relationships and must disqualify themselves from any Departmental activity involving the regulated entity with whom their relative is associated. These procedures are already in use by the Department. However, we believe it is prudent to delineate the procedures in statute. (Chapter 92)

H.B. 2062 - INSURANCE PREMIUM TAX CREDIT

This bill was requested by the Department of Insurance and clarifies that the expenses of examinations for all entities required to be examined (including insurers, health care service organizations, prepaid dental organizations, etc.) are charged to the entity examined. As passed, the bill also repeals the insurance premium tax credit which insurers are currently authorized to take against the costs they are charged for examinations. Premium tax credits taken by insurance companies for fiscal year 1988 totaled approximately $563,000. (Chapter 8)

H.B. 2063 - OUT-OF-STATE TRUSTS

This bill was requested by the Department of Insurance and provides increased consumer protection for those employers who purchase health insurance for their employees through an out-of-state trust. Under current law, the general rule is that group health insurance policies issued to a trust located outside Arizona fall outside the jurisdiction of the Arizona Department of Insurance. Thus, even though Arizona residents hold evidence of coverage under such policies, these residents are afforded none of the protections of Arizona law. House Bill 2063 requires insurers issuing such policies outside Arizona to disclose clearly and unambiguously in the evidence of coverage provided to the Arizona resident that Arizona laws and protections may not apply. It also requires that any insurer issuing such policies be licensed to transact business in Arizona. (Chapter 21)

H.B. 2517 - INSURANCE; UNFAIR DISCRIMINATION

This bill prohibits insurers from rejecting applicants or determining rates, terms or conditions of life and health insurance policies solely on the basis of genetic conditions, developmental delay or developmental disability. Under the provisions of this bill, insurers will be required to prove through claims experience or actuarial projections that substantial differences in claims are likely to result from the genetic conditions or developmental disabilities prior to rejecting an application or imposing policy limitations or higher rates. (Chapter 227)

H.B. 2117 - CHARITABLE INSURANCE

This bill permits charitable organizations which are exempt from taxes as specified in A.R.S. 43-1201 to have an insurable interest in the life of a policyholder who has named the charitable organization as the beneficiary of his or her life insurance policy. (Chapter 27)

S.B. 1015 - INSURANCE COMPANY TAKEOVER

This bill requires persons engaged in business other than insurance who are preparing to acquire an Arizona domestic insurer to file with the Department of Insurance, at least thirty days in advance, a statement giving financial details of the transaction, a listing of the new directors and officers, the terms of the contract, etc. If the Director finds the acquisition does not meet the requirements of Arizona law, the Director must disapprove the acquisition and require an expeditious divestiture by the acquiring party. (Chapter 151)

H.B. 2530 - DENTAL BENEFIT PAYMENT

This bill establishes the order of benefit payments for persons insured under both prepaid dental plans and indemnity plans. If a person is a member of a prepaid dental plan and is also covered by an indemnity plan that pays benefits for the same treatment, the indemnity carrier must pay benefits to the insured person without regard to the existence of the prepaid plan. However, the amount paid for a procedure covered without charge under the indemnity plan does not have to exceed the person's co-payment obligation under the prepaid plan. (Chapter 169)

S.B. 1295 - INSURANCE COMPANY DATA; NOTICES

This bill was proposed by the Department of Insurance and authorizes the Director to require insurers to submit statistical and other financial data to the Department. The Director may require this information by order, and may fine an insurer who fails to comply with such an order up to $100 per day for each day of delinquency. The Director must notify an insurer at least ten days prior to the date such late fees become due that the insurer will be subject to such fees.

This bill also requires insurers cancelling a policy to notify the policyholder at the time of cancellation of the specific reason(s) for the cancellation. Under current law, insurers must provide this information if the policyholder requests the reasons in writing. (Chapter 298)

H.B. 2123 - MEDICAL MALPRACTICE DAMAGES

Under this bill any party may elect to receive or pay for future damages for economic losses in periodic payments for damages arising out of a medical malpractice action. The election of periodic payments by a party is effective unless the objecting party shows good cause why the election of periodic payments should not be effective. The method of funding of periodic payments must be approved by the court as sufficient to guarantee payment of damages. Installment payments for health care terminate upon the death of the person receiving the benefits. Payments for other economic damages accrue to the estate upon the death of the person entitled to receive them. Other provisions of the bill require the Director of the Department of Insurance to annually evaluate the effectiveness of periodic payments as a cost-saving measure relating to medical malpractice insurance and to order appropriate actuarially justified rate adjustments for such insurance. (Chapter 289)

H.B. 2467 - MEDICAL MALPRACTICE INSURANCE SUBSIDY

This bill provides for the state to pay up to $10,000 per year to subsidize the cost of medical malpractice insurance for physicians who have obstetrical privileges in a rural, non-federal hospital, who provide obstetrical services for AHCCCS enrollees, who are under contract with the Department of Health Services to remain in the rural area for the contract year, and who provide a report on services performed. The Department of Health Services is required to identify obstetrically under-served areas using criteria established by this bill. The University of Arizona College of Medicine is required to develop an educational subsidy program to encourage physicians to provide rural obstetrical services. (Chapter 290)

Insurance-related issues were a priority to the legislators and to Arizona residents this year. I would like to acknowledge the help and interest of the Senate Commerce, Labor, Insurance & Banking Committee and the House Banking and Insurance Committee and their staff during this session.

Senator Bill DeLong and Representative Karen Mills, Chairpersons of the respective Senate and House committees, played critical roles in overseeing the passage of many of these key measures.

SUSAN GALLINGER
Director of Insurance

CIRCULAR LETTER NO. 89-2

TO: ALL INSURERS AND LICENSEES

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: OCTOBER 3, 1989

RE: UNCLAIMED PROPERTY

It has come to my attention that some insurers and licensees may not be complying with the Arizona laws regarding the disposition of unclaimed property. The purpose of this circular letter is to remind insurers and licensees of these laws, and to advise that the Department of Insurance is monitoring insurers' and licensees' compliance with these laws as part of its examinations and investigations.

The Uniform Unclaimed Property Act (1981 Act) has been adopted in a number of states, including Arizona. The Act, which may be found at Arizona Revised Statutes §44-301 et seq., provides that intangible property that remains unclaimed by the apparent owner for more than five years after it becomes payable or distributable is generally presumed abandoned. Intangible property is defined in the Act to include monies, checks, drafts, deposits, interest, dividends, amounts due and payable under the terms of insurance policies and amounts distributable from trusts or other custodial funds.

Generally, abandoned intangible property is subject to the custody of the State if the last known address of the apparent owner or other person entitled to the property is located in Arizona. Persons or entities holding such abandoned intangible property are required under the Act to submit a verified report to the Arizona Department of Revenue regarding the property and to pay or deliver the property to the Department of Revenue prior to May 1st each year along with the report.

The Department of Revenue will publish a "notice of names of persons appearing to be owners of unclaimed property" in a newspaper of general circulation, and will mail a notice to the apparent owner if the Department of Revenue is able to ascertain a current address.

Upon the payment or delivery of the property to the Department of Revenue, the State of Arizona assumes custody and responsibility for the safekeeping of the property. Any person who pays or delivers property to the Department of Revenue in good faith is relieved of all liability to the extent of the value of the property paid or delivered for any claim then existing or which may thereafter arise or be made in respect to the property. Any person claiming an interest in any property paid or delivered to the Department of Revenue may file a verified claim with the Department of Revenue. Property that remains unclaimed shall be sold by the Department of Revenue at a public sale, and the proceeds shall be deposited in the State general fund.

For further information, including reporting dates and forms, please contact the Unclaimed Property Unit, Arizona Department of Revenue, 1600 West Monroe, Phoenix, Arizona. 85007

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: December 15, 1989

RE: **UNFAIR CLAIMS SETTLEMENT PRACTICES REGULATION**

Recently Insurance Department Market Conduct Examiners have found that a number of insurers have not included appropriate documentation in their claims' files as required by the Unfair Claims Settlement Practices Act and the Rule adopted pursuant to the Act. The purpose of this circular letter is to remind insurers of the documentation and other requirements set forth in these laws and to highlight certain specific areas in which Market Conduct Examiners have found non-compliance.

The Unfair Claims Settlement Practices Act (A.R.S. §20-461 et seq.) and A.A.C. R4-14-801 adopted pursuant to the Act applies to all insurance except workers' compensation and title policies. As noted above, these laws establish a number of documentation requirements. Some examples are as follows:

1. A.A.C. R4-14-801(C) states that the insurer's claim files are subject to examination by the Director and that "files shall contain all notes and work papers pertaining to the claim in such detail that pertinent events and the date of such events can be reconstructed" (emphasis added).

2. A.A.C. R4-14-801(E)(1) directs every insurer within ten (10) working days of receiving notification of a claim to acknowledge receipt of the notice unless the claim is paid within that time. If the acknowledgement is made by means other than in writing the rule requires that "an appropriate notation of such acknowledgement shall be made in the claim file of the insurer and dated {appropriately}".

3. A.A.C. R4-14-801(G)(1)(a) requires insurers to advise the first party claimant of the acceptance or denial of the claim within fifteen (15) working days after receipt of a

properly executed proof of loss. A denial must be given to the claimant in writing and a copy placed in the insurer's claim file. If the insurer needs more time, it must also notify the first party claimant within fifteen (15) working days after receipt of the proof of loss and give the reasons for which more time is required. If the investigation remains incomplete, the insurer must, within forty-five (45) days from the date of the initial notification and every forty-five (45) days thereafter send a letter to the claimant setting forth the reasons for which more investigatory time is needed. **All requirements must be documented in the claim files.**

4. A.A.C. R4-14-801(H) addresses settlement of first party automobile total loss claims and permits insurers to elect to offer a **comparable** replacement automobile or a cash settlement based upon the actual cost, less any deductible, to purchase a **comparable** automobile. However, in both cases all applicable taxes, license fees and other fees incident to the transfer of evidence of ownership must be paid. If the insurer elects a cash settlement, the insurer may determine the actual costs in one of two ways:

   1. The cost of a comparable automobile in the local market area when a comparable automobile is available, or

   2. One of two or more quotations obtained by the insurer from two or more qualified dealers located within the local market area when a comparable automobile is not available.

If the insurer elects a cash settlement and deviates from the methods described in (1) and (2), the deviation must be supported by specific documentation. A.A.C. R4-14-801(H)(1)(c) requires that "the deviation must be supported by documentation giving particulars of the automobile condition" and that "any deductions from such cost, including deduction for salvage, must be measurable, discernible, itemized and specified as to dollar amount and shall be appropriate in amount".

As noted above, recent Market Conduct Examinations conducted by the Insurance Department have disclosed that many insurers simply fail to document their claim files with the details of the claim settlement. For example, the claim file may reflect that the actual cost of a comparable automobile was established at seven thousand dollars ($7,000) but the file reflects that the claim was settled for four thousand dollars ($4,000). However, the claim file lacks documentation establishing the particular detail as to why the seven thousand dollars ($7,000) actual cost was reduced to four thousand dollars ($4,000) by the insurer.

Although this circular is not intended as an exhaustive analysis of the Unfair Claims Settlement Practices Act and A.A.C.

R4-14-801, we hope it will serve to assist insurers in compliance with certain specific requirements. Since the Act and regulation have many other provisions relating to a variety of claims' issues, we encourage those who settle claims to obtain a copy of the Rule and of A.R.S. §20-461 and to become thoroughly familiar with their provisions.

SUSAN GALLINGER
Director of Insurance

CIRCULAR LETTER NO. 90-2

TO: ALL INSURANCE TRADE ASSOCIATIONS, INSURANCE MEDIA PUBLICATIONS AND INTERESTED PERSONS

DATE: July 16, 1990

RE: 1990 ARIZONA INSURANCE LEGISLATION

The 1990 Arizona Thirty-Ninth Legislature, Second Regular Session has recently concluded. As in recent years, insurance-related issues continued to be one of the major concerns for Arizona legislators. Bills considered by the Legislature which would affect insurance consumers and/or the insurance industry ranged from increased protection for health maintenance enrollees to legislation which would establish a "choice" no-fault system of automobile insurance. Tort reform focusing on medical malpractice was also of primary concern to legislators and their constituents.

In accordance with the Department's practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent here is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered to be a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted; please note that an "E" after the chapter number indicates that the bill was enacted with an emergency clause):

S.B. 1044 - PROFESSIONAL LIABILITY INSURANCE; CLAIMS REPORTING REQUIREMENTS

S.B. 1044 amends existing law to require insurers underwriting professional liability insurance to report to the appropriate health profession regulatory board any written or oral claim or action for damages for personal injury claimed to have been caused by an insured for errors, omissions, negligence, or breach of contract. Under current law, this information is provided to the Department of Insurance, which then transmits the information to the appropriate regulatory board. (Chapter 274)

S.B. 1046 - INSURANCE COMPUTER FUND

S.B. 1046 was proposed by the Department of Insurance to clarify that monies already deposited in the Insurance Computer Fund are to remain in this special fund and not revert to the General Fund. The fund was established in 1987 for the purpose of computerizing the Department and is funded by assessment of insurance companies, agents, and other licensed entities. At the time the fund was created, the intent was that no new monies would be assessed after December 31, 1989 but that the fund would continue to be available to complete the automation project. It is anticipated that the project will be completed prior to January 1994 at which time any monies remaining in the Computer Fund will revert to the General Fund. (Chapter 69)

S.B. 1067 - INSURANCE; CRIMINAL HISTORY INFORMATION

The Department of Insurance proposed this legislation to enable the Department of Public Safety (DPS) to perform criminal background checks on insurance applicants and licensees (via fingerprints) and disclose the results to the Department of Insurance. The information obtained through these background checks can be used to deny or revoke the license of an insurance entity based on the existence of felony convictions. This bill was a technical correction to a similar bill, enacted in 1989, which did not authorize DPS to process or disclose such information to the Insurance Department. (Chapter 70)

S.B. 1221 - VEHICLES; AFTERMARKET CRASH PARTS

S.B. 1221 amends the Unfair Claim Settlement Practices Act to prohibit insurers from settling claims with aftermarket crash parts unless the consumer is advised in a written notice that aftermarket crash parts will be used and each aftermarket crash part is clearly identified. (Chapter 159)

S.B. 1225 - CERTIFIED NURSES; REIMBURSEMENT FROM INSURERS

S.B. 1225 permits hospital service corporations such as Blue Cross/Blue Shield of Arizona to contract with certified registered nurses and registered nurse practitioners. It also allows these nurses to receive direct reimbursement if they have a participation contract with such a corporation. The bill also makes permanent a requirement that insurers provide coverage for services of a nurse practitioner if the policy or contract covers the services which are within the scope of the nurse practitioner. (Chapter 277)

S.B. 1250 - SEAT BELTS

S.B. 1250 establishes a requirement that each front seat occupant of an automobile wear seat belts while the vehicle is in motion. The bill also provides that one year after the effective date of the new law (January 1, 1991) the Department of Insurance must require automobile insurers to reduce their premiums to reflect any savings that are realized because of the enactment of this bill. Insurers are prohibited from using violations of this law for the purposes of increasing policyholders' premiums or determining insurability of an applicant for automobile insurance. (Chapter 240)

S.B. 1328 - FIRE INSURANCE PREMIUM TAX

S.B. 1328 reduces the amount of premium tax that insurers are required to pay for fire insurance written on property in incorporated cities that do not have their own fire departments and must contract with private fire companies. Currently insurers pay 2.2 percent premium tax on fire insurance premiums, regardless of the municipality in which the risk was written. This bill requires insurers to pay only .66 percent premium tax for fire insurance written on property in cities that contract with a private fire department. (Chapter 279)

H.B. 2016 - DEPARTMENT OF INSURANCE

H.B. 2016, referred to as the "sunset bill" for the Department of Insurance, extends the existence of the Department until the year 2000. (Chapter 38)

H.B. 2039 - FINANCIAL RESPONSIBILITY

H.B. 2039 amends the financial responsibility laws found in Title 28 of Arizona Revised Statutes. Prior to enactment of this bill, an individual who had his or her driver's license reinstated following a judgment for an auto accident was required to maintain proof of financial responsibility via an SR22 form for the entire time he or she held a valid Arizona license. H.B. 2039 limits that time period to two years. In addition, this bill removed language from the law which exempted judgments relating to automobile accidents from protection under the Bankruptcy laws. This change was required because the exemption was found to be unconstitutional. (Chapter 7 E)

H.B. 2065 - MAIL ORDER PRESCRIPTION DRUGS

H.B. 2065 prohibits insurers, health care service organizations, or hospital medical service corporations from requiring a covered person to purchase prescription drugs exclusively from a mail order pharmacy. (Chapter 185)

H.B. 2098 - MOTOR VEHICLE INSURANCE; ENFORCEMENT FUND

H.B. 2098 requires law enforcement officers, effective June 30, 1991, upon investigation of alleged traffic violations to check the Motor Vehicle Division (MVD) computer system for notice that the insurance on the motor vehicle in question has been cancelled or nonrenewed. The bill requires the officer to cite the operator of the vehicle unless the operator can show evidence of current financial responsibility. It also allows justice courts to order suspension and surrender of a driver's license and motor vehicle registration for failure to comply with financial responsibility laws.

In addition, H.B. 2098 requires that all drivers must possess proof of financial responsibility (in the form of an insurance identification card) and that such proof must be within the vehicle at all times. If the policyholder changes insurers during the policy period, the owner must notify the MVD of the new policy. To ensure compliance, copies of the identification cards must be filed and updated with the MVD.

Under the provisions of this bill, insurers are required to provide the MVD with monthly magnetic tapes of all known cancellations, nonrenewals and newly-issued policies after such cancellation, nonrenewal or new issue has remained in effect for sixty days. The bill allocates $235,000 from the Highway User Revenue Fund to establish the Motor Vehicle Liability Insurance Enforcement Fund within the Department of Transportation.

When the insurer notifies the MVD that the policyholder's insurance policy has been cancelled or non-renewed, the insurer must also notify the policyholder that it (the insurer) has made such notification to the MVD and that the policyholder's registration will be suspended. The MVD must then notify the vehicle owner of its (MVD's) intent to suspend both the license plates and the automobile registration. The bill provides that upon receipt of proof of financial responsibility the cancellation must be removed from the record, and prescribes a reinstatement fee of fifty dollars for each reinstatement. If the vehicle owner receives two or more notices of cancellation, the MVD must suspend the registration for the remainder of the registration period. (Chapter 371)

H.B. 2102 - INSURANCE CONTRACTS; HEALTH CARE; DISABILITY

H.B. 2102 prohibits hospital service corporations, health care service organizations, and individual and group disability insurers from cancelling or non-renewing an insurance policy or contract based on the insured becoming eligible for or enrolling in the Arizona Health Care Cost Containment System (AHCCCS). The bill also specifies that a person covered under a private insurance contract must continue to pay premiums. (Chapter 312)

H.B. 2116 - JOINT UNDERWRITING

This bill removes from existing law the provisions relating to a joint underwriting plan for licensed and certified nurse-midwives, and extends the repeal date of the joint underwriting association (JUA) statutes. A joint underwriting plan for nurse-midwives was never established, and with recent changes to the general JUA statutes, it is now possible to include nurse-midwives in the general JUA if the need for such coverage occurs in the future. (Chapter 8)

H.B. 2173 - AIDS; TESTING; CONFIDENTIALITY

H.B. 2173, referred to as the "omnibus AIDS bill," incorporated many of the recommendations submitted to Governor Mofford by her Task Force on AIDS. The bill addresses many AIDS-related issues. For purposes of this summary only the insurance issues are addressed.

H.B. 2173 amends existing insurance laws to prohibit insurers from performing HIV-related tests without receiving specific written consent from the applicant. Persons who receive HIV-related information through the processing of insurance-related information may disclose the information only to: (1) the person who was tested or who was diagnosed as being HIV-positive; (2) persons who are authorized in writing by the protected person; (3) government agencies authorized to receive the information; (4) insurers or other licensed entities to which disclosure is ordered by a court or administrative body; (5) the industrial commission; or (6) certain specified persons within an insurance or reinsurance company.

In addition, the bill requires the Director of Insurance to adopt rules to implement allowable testing procedures and other pertinent rules to implement the new provisions of this law. The bill also allows insurers to provide accelerated death benefits for persons with terminal or catastrophic illnesses or who are eligible for long term care. The bill does not require that insurers provide accelerated benefits. (Chapter 52)

H.B. 2181 - UNFAIR CLAIM SETTLEMENT PRACTICES

H.B. 2181 provides that hospital and medical service corporations, benefit insurers, and indemnity insurers may not refuse to pay charges for reasonable and necessary services, regardless of the nomenclature used to describe the condition, for services provided by a licensed physician if the services are within his or her scope of practice. If applied equally to all licensed physicians, deductibles, co-payments, cost containment and quality assurance measures may be used. (Chapter 394)

H.B. 2194 - JOINT COMMITTEE ON HEALTH CARE

H.B. 2194 extends the reporting period for the joint legislative committee on health care, established in 1989, from December 31, 1989 to December 31, 1990. (Chapter 120)

H.B. 2213 - INSURANCE; PROTECTION; ENROLLMENT

H.B. 2213 was proposed by the Department of Insurance to provide additional protection to residents of Arizona who are enrollees of health maintenance organizations (HMOs). The major provisions of this bill include the following:

1. The right to open enrollment for group contract holders in the event of an insolvency of an HMO, an indemnity insurer, or a hospital and medical service corporation.

2. A requirement of two percent of annual premiums, up to $1 million maximum, to be deposited on a quarterly basis with the State Treasurer. These funds will be held in trust for the protection of HMO enrollees.

3. Insurance Department examination expenses must be borne by the HMO being examined.

4. HMOs must have a plan for the risk of insolvency which includes continuing benefits for the duration of the contract period or sixty days from the date of insolvency, whichever is greater; continuing benefits to members confined in an inpatient facility on the date of insolvency until discharge;

and continuation of benefits provided by both affiliated and unaffiliated providers subject to authorization procedures applicable before the declaration of insolvency.

5. Providers are prohibited from charging an HMO enrollee more than the amount the provider contracted to charge the enrollee pursuant to the provider's contract with the HMO.

6. HMOs are prohibited from selling or transferring affiliated Arizona assets of more than ten percent of the insurer's capital or surplus without prior approval by the Department of Insurance. (Chapter 205 E)

H.B. 2216 - INSURANCE; MEDICAL MALPRACTICE RATE REGULATION

H.B. 2216 was proposed by the Department of Insurance and removes language currently in the law which prohibits the Department from finding a medical malpractice insurance rate excessive if competition exists in the marketplace. This bill also allows the Department to contract with independent examiners for the purpose of reviewing rates and reserves and provides that examination expenses will be paid by insurers. (Chapter 52)

H.B. 2293 - INSURANCE; CEASE AND DESIST ORDERS

The Department of Insurance also requested this bill, which enables the Department to provide immediate protection to consumers in the event that an entity is transacting insurance business without a license. The bill gives the Department the authority to issue cease and desist orders against entities transacting unauthorized insurance business. The bill allows all rights of due process for appeal from an order issued under these statutory provisions.

Under present law, the Department can take action against these entities only by filing a complaint in the Superior Court which can sometimes take months to resolve. During this process, the entity may continue to operate without a license, thereby increasing the potential harm to consumers. (Chapter 22)

H.B. 2432 - CONFLICT OF INTEREST; THIRD PARTIES

H.B. 2432 permits the dual licensing of a third party administrator to hold both a third party administrator's license and an agent's license. This dual licensing would be permitted if the third party administrator disclosed in writing his or her relationship to the administrator and the insurer to policyholders and persons insured under the policy. The administrator must also disclose to any insurer he or she represents as an agent of the identity of any insurer for whom he or she represents as an administrator. (Chapter 192 E)

H.B. 2556 - DELIVERY OF INFANTS; LIABILITY; LIMITATION

H.B. 2556 removes the medical malpractice liability that a physician providing emergency care has to a delivering mother, her newborn(s) and family for any malpractice related to the labor or delivery, unless an injured party can prove with clear and convincing evidence that the physician failed to meet the prevailing standard of care and that such failure caused the injury, pursuant to A.R.S. 12-563. The bill also establishes the same standards of proof and provides the same protection from liability for the facility in which the emergency care was provided. This liability limitation applies only if the delivering mother did not receive previous pregnancy care from the attending physician, or his/her associates or assistants. (Chapter 301)

H.B. 2684 - BAIL BOND AGENTS; PROHIBITED CONDUCT

H.B. 2684 allows the Director of Insurance to license companies as bail bond agents only if each owner or stockholder is a licensed bail bond agent. Currently only individual agents may be licensed. The bill also clarifies that bail bond agents may keep the collateral they receive from a defendant who forfeits his/her collateral by not appearing in court. Finally, the bill prohibits bail bond agents from employing or assisting in the employment of a convicted thief or felon. (Chapter 149)

Insurance-related issues have been a priority to the elected officials of Arizona and to consumers across the state. I would like to acknowledge the support of Governor Mofford and her staff, and the dedication and efforts of the legislators and their staffs, in addressing these issues for the benefit of all Arizona residents.

Sincerely,

Susan Gallinger
Director

1989 ARIZONA PROPERTY AND CASUALTY BUSINESS

The following reports show the 1989 results of the top ten admitted companies/groups writing in each line of business reported. Only the major property and casualty lines of business are included. The Arizona State Compensation Fund is included as the eleventh company in the Workers' Compensation report and in the Total report.

The premium and loss information is given by company/group, so it includes the combined results of all the companies within a group. The information as to premiums written, premiums earned, losses paid and losses incurred was obtained from page 14 of the filed annual statements.

The bottom section of each report shows the combined gain or loss in Arizona of the top ten (or eleven) companies/groups. The annual statement insurance expense exhibits were used to obtain the various group percentages for expenses, investment income allocation and dividends.

The totals for all companies were obtained from the National Association of Insurance Commissioners' database as were the count of companies which represents those companies licensed to do business in Arizona who are actively writing the particular line of business.
